Summary: Bahama Coral Island gives residents an “in town” commute with an “out of town” vibe. Being one of the first developments along the S.C Bootle Highway corridor, Bahama Coral Island is sought after for its value for size ratio, peaceful community and unique influences such as elevations and its own public beach. Lot 30 is an interior lot just beyond the entrance to Bahama Coral and will require an access road pushed through to access the lot. At 10,100 square foot, an evident value and trade off.
