Summary: This property is in a great location! Only a few minutes from Clarence Town, the capital of Long Island where the freighters come in once a week from Nassau and Ft. Lauderdale with supplies to the island. It offers 115.98 acres of land which runs from Queen's Highway to the Selina where one can bird watch and walk the flats for Bonefish. The property has elevation for great views of the natural environment there. Lots of acreage for a large development.
