Summary: Forget about crowds and busy, Mega-Resorts. This is the perfect getaway spot. This nicely landscaped resort is a great investment for someone who wants to satisfy the tourist of the island. However, its also a nice weekend getaway for any Bahamian looking for a relaxing weekend away from their everyday life. The main building is equipped with an industrial kitchen, men and women's bathrooms, a restaurant and bar. There is also three (3) separate buildings. One of which is a one (1) bedroom furnished unit with a full kitchen and a patio, with two (2) queen size beds, the other two (2) buildings are split into two (2) hotel style rooms each with patios over looking the water. There are 377 feet of water frontage. This unique, quaint, boutique style resort is ideally located near The Deadman's Cay Airport and the world famous Max's Conch Bar. Long Island's large bonefish flats, inland creeks and deep sea offers the bone fisherman, snorkeler and angler the experience of a life time! While the caves, blue holes, historical and natural sites are an explorers delight.
